Dear Friend,

The holiday season is almost here! For The Wellness Plan Medical Centers Foundation, that means we are gearing up for the 2nd Annual Dinner and Comedy Annual Fundraiser. Unfortunately, due to COVID-19, we couldn't continue our Dinner Comedy show in 2020, so we are excited to take it up a notch this year. We are excited to invite you to be a part of The Wellness Plan Medical Centers Foundation's 2nd Annual Comedy and Dinner Fundraiser featuring American Actor and stand-up comedian Bill Bellamy this holiday season!

Enjoy a specially curated Surf and Turf dinner by a celebrity chef while rubbing shoulders with the incomparable Bill Bellamy, who has had legendary involvement in shaping Black American culture. After gaining notoriety in HBO's Russel Simmons Def Comedy Jam, Bellamy maintained a successful and consistent 31-year entertainment career. A few culture-defining projects Bellamy has graced with his talents are MTV Jamz, Love Jones, Any Given Sunday, Last Comic Standing that ran for five successful seasons, and Bill Bellamy's Who's Got Jokes?

The 2021 State of Mental Health in America report confirms the trend that Mental Health in the U.S continues to worsen as states are ill-equipped to handle the current crisis. Unfortunately, here in the great city of Detroit, our residents are at a significant disadvantage. To fulfill the needs of our city, The Wellness Plan Medical Centers Foundation is working hard to provide Mental Health and Wellness programs for those who are struggling with mental conditions.

Thank you for your support,

Anthony King

Our Mission

To provide outstanding care with easy-to-access medical services in a patient friendly environment. We place our primary focus on the health and wellness of families, children and adults who are seeking answers to their health care needs. Our service providers along with our patients work together to form personal relationships that serve as the foundation for a Patient-Centered Medical Home (PCMH).

The Wellness Plan Medical Centers (TWP) is a non-profit, 501 (c)(3) Federally Qualified Health Center (FQHC) that serves residents who have little or no access to healthcare, regardless of income or insurance status, across metro Detroit in our five high-quality medical centers. TWP is also a Federal Tort Claims Act (FTCA) deemed facility, which means that it receives funding, liability coverage and other benefits from the federal government.
